

## UPGRADE TO CENTURION 2.0 - SPECIAL OFFER

Dear Sirs,

The Centurion 2.0 is now certified for 1500 hours. Also operators of Centurion 1.7 engines shall benefit from this development by upgrading their Centurion 1.7 to Centurion 2.0. Together with each newly manufactured Centurion 2.0 there is also delivered a voucher for the cost-free supply of clutch and gearbox at 300 hours if these parts are not yet certified for 600 hours at the time the exchange is due.

We would like to support all operators of Centurion 1.7 engines - no matter if installed in a Cessna 172, Piper PA28, Robin 135 TDI or Diamond DA40 and DA42. If a Centurion 2.0 Upgrade Kit is ordered on short notice to be delivered by the end of September 2010 we will give the following additional support:

**We are going to reimburse € 7.50 for each unused flight hour up to the 1,000th hour via the Service Center placing the order (up to €1,500 total reimbursement). The reimbursement will be issued after the removed Centurion 1.7 has been returned to Centurion.**

We are looking forward to hearing from you.

Best regards  
Sales & Service Department
